

SYSPRO 8

Keep Ahead of the Game

SYSPRO 8. Ready For Whatever Comes Next.

New Markets. New Competitors. New Products. New Legislations. New Protocols. You need an ERP solution that keeps pace with today's rapidly evolving technologies to give you an edge over your competitors.

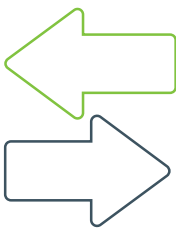

Greater System Performance

SYSPRO 8's architecture has been refined to better leverage Microsoft SQL Server:

Runs
30%
Faster Under
Higher Loads

Offers
Significant
improved
Transaction
Throughput

Scales to your
increased business
activity with
**no effect on system
performance**

Allows you to
operate far more
effectively in **high-
volume transaction
environments**

Reduces Month-end
Processing from
**Hours to
Minutes**

Simpler to Install, Manage, Maintain and Run

Upgrade Simply and Seamlessly

- Don't fear loss of productivity – It's easy to upgrade to SYSPRO 8
- The new simplified installation program eliminates the need for manual intervention and reduces the need for specialized skills
- SYSPRO 8's centralized architecture further simplifies and speeds up installation

Software is Included in Your License

Easy to Administer and Maintain

- Choose to upgrade when it suits you
- The introduction of hotfixes supports a dramatically improved porting process
- An administrative dashboard provides rich insights and increased user self-service ability
- Improve security measures with multi-factor authentication and single sign-on

Enhanced Help System

Maximize Collaboration between SYSPRO and External Systems

- Open Reporting API enhances the automation of document processing
- SYSPRO 8 server and e.net architectures are now 64-bit – offering improved compatibility with 64-bit ecosystems

Easy Conversion to SQL On-Premise or in the Cloud

Customers that utilize a CISAM database now have the option to migrate to SQL Server on-premise or SQL Azure in the cloud as a Virtual Machine

Easier to Access, Learn and Use

Increases User Engagement
and Productivity

“Overall, SYSPRO 8 was a good experience for us as there was not a lot of impact to the end-user. The user experience is very similar which is great for us and we didn't have to do a lot of training.”
— RPS Composites

SYSPRO Avanti Web Interface Provides Universal Access to the Same SYSPRO

- Allows you to work where and when you want to on any device
- Available at no extra cost
- Provides the same SYSPRO ERP user experience

Select the Best UI for the Task at Hand

- Windows user interface with all the familiar aspects it delivers
- Web interface (Avanti) with its improved ease-of-use, simplification and engagement
- Espresso mobile platform if a mobile-style, touch-friendly interface is preferred

Personalizes Workspaces to Meet Your Role

Empower Users with
